

Bulletin for ALL TSA Employees – 04/22/2020

**Time and Attendance Processing Guidance Related to Novel Coronavirus Disease (COVID-19)
for Emergency Paid Sick Leave**

On March 18, 2020, President Trump signed into law the Families First Coronavirus Response Act (FFCRA) which includes the Emergency Paid Sick Leave Act. The Act provides the Transportation Security Officer (TSO) workforce with up to an additional two weeks (80 hours for full-time employees and for part-time employees the equivalent of the average number of hours the employee is normally scheduled to work during a two-week period) of paid sick leave for certain COVID-19 related purposes. The Administrator has determined that the non-TSO workforce is also covered via TSA policy. Emergency Paid Sick Leave (EPSL) is available in addition to the employee's personal leave and the leave options offered by TSA for employees affected by COVID-19.

Information on EPSL and the leave options offered by TSA can be found in the current version of [HCAM, Coronavirus Disease \(COVID-19\)](#) and the [FAQs](#).

The purpose of this guidance is to provide employees and timekeepers with detailed instructions for recording EPSL in the eTAS and webTA Systems.

Effective Pay Period (PP) 07 up to two weeks of EPSL is available to cover absences for specific reasons related to COVID-19 from April 1, 2020 to December 31, 2020.

EPSL is compensated at the following levels:

- 100% of the employee's regular rate of pay for qualifying reasons #1-3 below, **up to \$511 daily and \$5,110 aggregate**; and
- **2/3 of the employee's regular rate of pay** for qualifying reasons #4-5 below, **up to \$200 daily and \$2,000 aggregate**

Because EPSL leave is compensated differently from other types of leave, implementation presents administrative challenges that may result in over-payment in some cases. In these situations, overpayments will be recovered through a payroll debt action at a later date.

To determine the estimated amount of any over-payment, enter the employee's annual salary, # of base daily hours worked and select the appropriate scenario using the Emergency Paid Sick Leave Calculator, which is found [here](#).

Note: EPSL usage must be tracked manually at the local level to ensure employees do not exceed the two-week entitlement.

Employees do not receive night differential, split-shift differential or Sunday pay when using EPSL.

T&A Coding in eTAS and webTA

The EPSL leave pay codes are available in eTAS and webTA.

Note: In webTA, EPSL is found under the Worked Time Section of the timecard due to programming limitations in webTA.

Transaction Code (TC-01) will be used with the designated Transaction Descriptor (TD) assigned based on one of the five (5) reasons described in the scenarios below.

Additionally, the Remarks Section of the timecard should be notated to reflect the amount of EPSL leave used for the pay period.

There are 3 reasons under which an employee is eligible to receive 100% of their pay, up to \$511 per day.
