We are excited that you are considering employment with TSA. The TSO position is a great way to start a career with the Federal Government. From the TSO position, the opportunities are endless. Many Officers opt to follow a career path within TSA while others eventually transfer to other DHS agencies (such as Customs and Border Protection, Immigration and Customs Enforcement, etc.) or other federal positions during their career.

Federal employees working full-time or part-time are eligible for federal benefits and retirement once eligibility requirements are met. These benefits include, but are not limited to health insurance, dental insurance, life insurance, flexible health care spending accounts, federal retirement benefits and many more. Health insurance is offered through the Federal Employees Health Benefits (FEHB) program. The health benefit program has many plans to choose from and all at group rates, which can be paid for with pre-tax income.
